

Backwater valve Staufix Basic DN 125, Type 0, w/o emergency closure

Article information

Item no.: 71125
 GTIN: 4026092002322
 Price group: 10

Advantages

- Simple conversion possible using conversion kits
- Fast and toolless maintenance and cleaning
- Ideal for modernisation, can also be installed in existing pipes later

Description

The backwater valve for rainwater is equipped with a mechanical flap which closes automatically in the event of backwater. Thanks to the modular KESSEL system, existing systems can easily be supplemented by a second backwater flap or an emergency closure.

Variant

Mechanical backwater flaps: 1

General characteristics
