

Layer thickness measuring device SonicControl, for grease separators

Article information

Item no.: 917821 GTIN: 4026092042076 Price group: 60

Description

SonicControl layer thickness measuring device for grease separators free-standing installation and underground installation with ultrasonic sensor for centimetreaccurate monitoring and reporting of the grease layer thickness. With mains connection, battery backup and optional connection possibility for a remote signal generator.

Incl. Mounting set for easy installation and maintenance provided by the customer. Cable (for sensor) can be extended up to 60 m provided by the customer. Control unit with visual and audible alarm, electronic log book designed for 12 months, log book can be read out via serial interface.

| General characteristics | |
|---|--------------------------------|
| Cable length: | 10 m |
| | |
| Dimensions | |
| Net weight: | 4,5 kg |
| Gross weight: | 4,8 kg |
| Packaging dimension: | length |
| Packaging dimension: | width |
| Packaging dimension: | height |
| | |
| Pumping device | |
| Connection type: | Schuko (earthed contact) 2-pin |
| | |
| Control | |
| Protection class control unit: | IP 54 |
| Operating voltage: | 230 V |
| Connection type: | Schuko (earthed contact) 2-pin |
| Length of mains cable for control unit: | 1,45 m |
| Potential-free contact: | yes |
